Source: ClearDW; CPD_ANOVS2; Query 09 June 2017

Note: The Chicago Police Department is unable to link every ANOV to an arrest, and the information for bicycle related arrests in relation to ANOVs is on another spreadsheet.
Note: The Chicago Police Department is unable to provide race information on ANOVs.

Request: From the CLEAR database or any database that contains these records, for the last five years and create a spreadsheet sufficient to show: -The number of ticket issues for any bicycle related offense (riding on the sidewalk, etc). -Any number of arrests related to bicycles and the issuing offense. -The location of where the tickets were issued. -If available, the race of the person who received the ticket -If available, the age of the person who received the ticket.

Approved:
